Once again we have great pleasure in inviting you to join our popular Village Life In Wales Tour. This tour focuses on some of the special features of the country, its lush well-kept countryside, picturesque villages, small market towns, fine gardens, medieval castles and a lot more. We will also introduce you to its rich culture as well as to some of the special people who make their living in the Welsh countryside. Differently to previous years, our 2010 tour will be based at two centres, the stylish coastal resort of Llandudno and Betws y Coed, the village in the heart of the Snowdonia National Park.

Itinerary

Llandudno is a classic British seaside resort where the seafront is lined with a wide promenade and backed with rows of elegant Victorian pastel coloured facades, the entire scene framed between the cliffs of the Great and Little Orme Headland.

We depart our hotel mid-morning and travel to the classical walled town of **Conwy**. Its circuits of walls extend over three quarters of a mile and are guarded by eighteen towers. that continue to operate traditional Dobcross looms. The present owners, Morgan and Elaine, are fifth generation of the Williams' family to produce traditional Welsh double weaves (tapestry), bedspreads and tweeds at **Trefriw**. We join Morgan for a tour and demonstration before continuing the journey to **Betws y Coed**, our base for the next four days. After checking in, our guide will take us for a familiarisation walk before dinner. (BD)

Betws-y-Coed is a lively village located in the Conwy Valley where the River Conwy meets its three tributaries, the Llugwy, the Lledr and the Machno. It has a wonderful setting surrounded by dense woodland and magnificent mountain country that is further enhanced by cascading waterfalls, hill-top lakes, river pools and ancient bridges.
